DEVELOP CLAIMS NEAR MORENCI

Gold Belt Mill Is Operating Again After Brief Shut Down.

Clifton, Ariz., Feb. 3.—The Missabe-Morenci Development company is fast preparing for active work on the former Dick Lakenan properties, three miles southwest of Morenci. The group comprises 15 claims, from which over \$100,000 of rich ore has been shipped.

The Campbell and Calena claims being the principal producers. At the Campbell claim a new steam hoist has been set up and complete arrangements made to sink the shaft from the 100 foot level to 1000 feet.

While the mine heretofore has produced gold and silver, and has at the present time big bodies of gold and silver exposed, the management, from a geological standpoint, expects, as depth is reached on the vein, to encounter copper ore.

The Campbell claim is situated on Gold gulch, Copper mountain district, within a few hundred feet of the Eagle Creek county road.

An old timer, of Clifton, Morenci, Globe, Cananea and El Paso, Bob Doly, constructed the shallow frame and lined up the shaft. Geo. Dickerson is the hoist man and engineer. Richard Lakenan, of Morenci, is general manager.

Mining men of the district are taking more than ordinary interest in the undertaking, as it is the deepest undertaking promulgated west of Morenci in the great gold belt.

Mill Now Working.

The Gold Belt mill is now running night day, having been shut down on account of the pipe line being out of commission, caused by the recent cold spell. At the shaft the gullies frame has been extended seven feet higher, which facilitates hoisting.

Angel Campbell, one of the lessees on the Gold Belt, is packing some very rich ore to the mill and has a number of men at work.

Gold Mine Near State Capital

Austin Man Makes Test Case in Locating Mining Claim.

P. A. Lacy, of Austin, Tex., has located a mining claim in the bed of the Colorado river, between the old damsite at Austin and McCombs, in the old lake bottom. It is located as a gold mine. It seems the land still belongs to the state. He has had it surveyed and now presents his application to the land commission.
